

# Ministry of Health & Family Welfare

## RECORD OF PROCEEDING (ANDHRA PRADESH)

2022-2024

National Health Mission

## Preface

As we continue to successfully address the challenges posed by the COVID-19 pandemic, the time is opportune to strengthen the country's health systems and press forward with the National Health Mission (NHM) serving as the driving force. Under NHM, this Record of the Proceedings (ROP) document serves as the blueprint for the States for actualization of the Program Implementation Plans (PIP) and provides a ready reference for budgetary approvals for the FY 2022-23 and FY 2023-24. Actions taken in the next two years will be critical towards achievement of the National Health Policy targets and will enable the journey towards the Sustainable Development Goals (SDGs).

India is firmly committed to Elimination of Tuberculosis by 2025. Any deviations brought on by the pandemic will have to be combatted with doubling-up efforts to detect-treat-prevent and build in accord with the National and State Strategic Plans. Block by block, and district by district. The States need to achieve elimination of Malaria, Lymphatic Filariasis, Leprosy, Kala Azar and work consistently towards alleviating the burden of communicable and non-communicable diseases in the communities.

An under-tapped resource within our communities are the youthful adolescents, for they possess immense potential to shape the future of the world. It is vital to actively engage them as Ambassadors, Peer Educators and Change-Makers for a healthier tomorrow. This entails strengthening the adolescent health component of RMNCH+A, while continuing to provide for safe motherhoods and thriving childhoods. From LaQshya certifications of the Labour Rooms to accreditation of the health facility with the National Quality Assurance Standards, I hope the States will also work towards enhancing the quality of care provided, with patient safety being of prime importance.

To further strengthen the health infrastructure of the country, the Ministry of Health and Family Welfare (MoHFW) has taken various initiatives in the recent past. The 15<sup>th</sup> Finance Commission Health Sector Grants (15<sup>th</sup> FC) and the Pradhan Mantri- Ayushman Bharat Health Infrastructure Mission (PM-ABHIM) are supporting the development of Critical Care Blocks (CCBs), Integrated Public Health Laboratories (IPHLs), Block Public Health Units (BPHUs), Health and Wellness Centres (HWC), diagnostic infrastructure, as well as some Human Resources for Health (HRH). The States should judiciously utilize the grants and ensure that there is no overlap between the NHM and 15<sup>th</sup> FC funding. We hope that the simplified budget matrix and omission of budget lines in the new PIP format will provide sufficient flexibility to the States, and duplication of any funding sources must be avoided.

While implementing the plans, the States should proceed with clear-sighted vision towards the key deliverables. Stringent review of the processes and immediate outputs should be done to ensure favorable outcomes at the end of FY 2023-24. The activities should be well-

regulated and adequately paced throughout the two-year period, in coordination with the proposed fund-release structure. This time, funds will be released quarterly in four tranches, and the opportunity for a course- corrective supplementary PIP will not be available more than once.

I urge the States to not let minor impediments or challenges stall the implementation of the plans. All efforts should be made to achieve low hanging fruits and complete as many items on the agenda as feasible. States should also endeavor to undertake supportive supervision to ensure successful operationalization of the approved PIPs. A rigorous monitoring system with mechanisms to handhold the peripheral health functionaries would go a long way in improving the scope and quality of health services provided. Several districts and blocks are outperforming the others in achievement of their objectives- What sets them apart? It is important that their Best Practices and Innovations not only be appreciated, but also documented and disseminated across the States to motivate others.

One of the good practices observed is the creation of Specialist Cadre and Public Health Cadre. These facilitate attracting Specialists to strengthen the secondary health care services, enable operationalizing First Referral Units and helps improve the management of Public Health services. Several incentives and provisions for motivating HRH to join the public health system are in place under NHM, especially for the High Priority and Aspirational Districts. The States are urged to leverage them and urgently fill the existing vacancies- after all, the presence of a motivated and skilled workforce is the backbone of any efficient health system.

This fact has been reiterated during the pandemic where our 'Corona Warriors' have valiantly been holding the fort, both in the hospitals, and in the communities. One of the key factors enabling the success of the COVID-19 vaccination program has been the untiring efforts of the health workers in motivating and pursuing eligible beneficiaries in the farthest corners of the country. It is imperative that HRH management also be strengthened across the country.

The pandemic has also birthed multiple avenues for the utilization and incorporation of Information Technology into healthcare. The urgency of capacity building coupled with the limitations of physical distancing has boosted online and web-based teaching-learning modalities. States should continue to leverage digital learning platforms and develop hybrid capacity building systems, imbibing the best of e-learning and classroom teaching. Digital academies may be created which promote self-paced learning and cultivates an environment of excellence and scientific advancement.

With the spirit of 'Leaving no one behind', we are striving to achieve Universal Health Coverage, and expanding the realms of Comprehensive Primary Health Care through

establishment of 1.5 lakh Ayushman Bharat - Health and Wellness Centres. It is time to move beyond the provision of routine curative health services and invigorate the communities with the concept of well-being to enable the prevention of non-communicable diseases and mental health issues.

While the MoHFW is navigating the health systems with the formulation of policies and guidelines, it is the program implementers at the State who know what strategies will best be suited to their socio-cultural, demographic, and epidemiological context. The States are always welcome to adapt and adopt them at their able discretion and to reach out to us for any support in this regard. Let us move ahead together with a renewed determination to augment our capacity as a sustainable health system and 'build back better'.

Roli Singh  
Additional Secretary and Mission Director,  
National Health Mission

**F. No. M-10(7)/2022-NHM-I**  
**Ministry of Health and Family Welfare**

**(National Health Mission)**

Nirman Bhawan, New Delhi

Dated 4<sup>th</sup> July, 2022

To,

Sri J.Nivas  
Commissioner of Health & Family  
Welfare & Mission Director, NHM  
5th Floor, APIIC Towers, Mangalgiri  
Guntur- 522503  
Andhra Pradesh

**Subject: Approval of NHM State Program Implementation Plan for the State of Andhra Pradesh for the FY 2022-23 & FY 2023-24**

Sir,

This refers to the Program Implementation Plan (PIP) for the FY 2022-23 & FY 2023-24 submitted by the State of Andhra Pradesh and subsequent discussions in the NPCC meeting held on 10<sup>th</sup> March 2022 at Nirman Bhawan, New Delhi.

2. The RoP includes approval of workplan and budget for two years. Against a Resource Envelope of **Rs. 2524.77 Crore** (calculated assuming State share of 40% and including an unspent balance of **Rs. 392.30 Crore**), administrative approval is conveyed for an amount of **Rs 2878.01 Crores** (including IM, Immunization Kind Grants and unspent committed liabilities of Rs. 194.16 Crores) for FY 2022-23. For FY 2023-24, against a Resource Envelope of **Rs 2205.14Crore** (calculated assuming State share of 40%, and an increase of 5% over the allocation of 2023-24), an administrative approval is conveyed for an amount of **Rs 2654.27 Crores**. Details of Resource Envelope are provided in Table 'A' and 'B' below:

**Table 'A': Resource Envelope**

Particulars	(Rs. in Crore)	
	2022-23 (5% Increase)	2023-24 (5% Increase)
a. GoI Support (Flexible Pool allocation including Cash and Kind minus Immunization Kind Grants)	722.60	758.73
b. GoI Support for Incentive Pool based on last year's performance (assuming no incentive/ reduction on account of performance)	149.45	156.92

Particulars	2022-23 (5% Increase)	2023-24 (5% Increase)
c. GoI Support (under Infrastructure Maintenance)	407.43	407.43
d. GoI Support (under Immunization Kind Grants)	62.69	65.83
<b>e. Total GoI support (d = a + b + c+ d)</b>	<b>1,279.48</b>	<b>1,323.08</b>
f. State Share (40%)	852.99	882.05
<b>g. Total Resource Envelope (g = e + f)</b>	<b>2,132.47</b>	<b>2,205.14</b>
<b>Unspent Balance (committed and uncommitted) as on 1<sup>st</sup> April 2022 as communicated by State</b>	<b>392.30</b>	<b>-</b>
<b>Total Resource Envelope including unspent balance</b>	<b>2524.77</b>	<b>2205.14</b>
<b>Maximum Permissible Resource Envelope (including IM, Immunization Kind Grants, unspent balances)</b>	<b>3155.96</b>	<b>2756.42</b>

TABLE 'B': Breakup of Resource Envelope

(Rs. in Crore)

5.	<b>NCD Flexible Pool</b>	<b>25.85</b>		<b>27.14</b>	
6.	<b>Infrastructure Maintenance</b>	<b>407.43</b>		<b>407.43</b>	
	<b>Resource Envelope</b>	<b>1279.48</b>	<b>852.99</b>	<b>1323.08</b>	<b>882.05</b>
	<b>Total Resource Envelope (Central Share +State Share)</b>	<b>2132.47</b>		<b>2205.13</b>	

3. The State Share of **Rs 852.99 Crore for FY 22-23** and **Rs 882.05 Crore for FY 23-24** could be added to any pool depending on the approvals and requirement of the State for that respective Financial Year. The total funds provided to NHM should be equal to 40% as applicable. The Pool wise Summary of the approvals has been given in **Annexure-1**.

4. All unspent balance available under NHM with the State as on 1<sup>st</sup> April 2022, has become a part of the Resource Envelope of FY 2022-23. Similarly, all the unspent balance available as on 1<sup>st</sup> April 2023 would become a part of the Resource Envelope for FY 2023-24. If need be, a mid-term review at the end of FY 2022-23 would be carried out, either at the request of the Ministry or the State/UT concerned, to provide course correction in case of shifting of priorities.

5. MOHFW has been moving towards simplification of NHM budget process. Major reforms in this cycle of planning are introduction of two year PIPs, reduction in budget lines to facilitate flexibility and easier implementation of SNA and a shift in focus from mere inputs to outputs. The major outputs agreed with the State in the form of key deliverables have been placed at **Annexure-2**. These deliverables along with the agreed targets would be the part of the NHM MOU.

6. The Conditionalities Framework for FY 2022-23 and FY 2023-24 is given as **Annexure-3**. It is to be noted that Full Immunization Coverage (FIC)% will be treated as the screening criteria and Conditionalities would be assessed for only those States which achieve 90% Full Immunization Coverage. For EAG, NE and Hilly States, the FIC criteria would be 85%. The funds received from Incentive pool based on performance shall be utilized against the approved activities only.

7. States are encouraged to adopt decentralised planning based on local requirement. However, the State must ensure that there is no duplication or overlap between various

sources of funds including the recently approved FC-XV Health Grants support and PM-ABHIM for the similar activities.

8. Any reallocation to be conducted by state is to be Approved the Executive Committee and the Governing body of the State Health Society. Maximum budget available for states to reallocate fund is 10% of the total approved budget for that program/activity. States must intimate FMG, MoHFW regarding reallocation of fund on quarterly basis along with the 'Financial Management Reports' in the following format:

FMR	Budget Head	Total amount approved in FY 2022-23/ 2023-24	Fund allocated from Budget Head/ FMR	Fund allocated to Budget Head/ FMR	Quantity & unit cost approved in PIP for undertaking the activity	Number of quantities increased	Remarks

The above details are to be submitted to FMG, MoHFW along with a signed letter from the Mission Director and a copy of minutes of meeting held with EC and GB based on which decision has been taken.

9. The support under NHM is intended to supplement and support and not to substitute State expenditure.

#### 10. Human Resources for Health

All the support for Human Resources for Health (HRH) will be to the extent of positions engaged over and above the regular positions as per IPHS norms and caseload. NHM aims to strengthen health systems by supplementing and hence it should not be used to substitute regular HRH. All States and Union Territories are encouraged to create sanctioned regular positions as per the IPHS requirements. HRH should only be engaged when infrastructure, procurement of equipment etc. required to operationalize the facility or provide services, are in place. Moreover, HRH can only be proposed and approved under designated FMRs. HRH under any other FMRs or in any lumpsum amount of other proposals, would not be considered as approved. Please refer to AS&MD's letter dated 17<sup>th</sup> May 2018 in this regard (copy enclosed as **Annexure-4a**). All approved HRH under NHM have also been listed in **Annexure-4b** for ease of reference.

- i. Remuneration of existing posts as a lumpsum has been calculated based on the salary approved in FY 2021-22, 5% annual increment and 3% rationalization amount (if any) for 12 months. The budget proposed by the State for remuneration of existing staff has been recommended for 12 months in principle. This is to save the efforts of the State in sending any supplementary HRH proposals to MoHFW. If there are funds left in HRH budget, it could be used to pay the approved HRH at the approved rate for rest of the months.

- ii. The maximum increase in remuneration of any staff is to be within 15% (in total based both on performance and rationalization). Overall increment and rationalization of HRH is to be within the 8% of HRH budget. In case performance appraisal of NHM staff is not carried out by the State, only 5% increase on the base salary can be given.
- iii. Salary rationalization exercise (to be done only in cases where HRH with similar qualification, skills, experience, and workload are getting disparate salaries) and its principles including increments to be approved by SHS GB under overall framework and norms of NHM. In cases where the salary difference is more than 15%, salary rationalization was to be done in instalments. Increase in salary beyond 15% in any year for any individual will have to be borne by the State from its own resources.
- iv. The States/UTs must ensure that achievement of performance above minimum performance benchmark, as guided by MoHFW and finalized by State Health Society, is included as a condition in the contract letter of every HRH engaged under the NHM. Before renewal of the contract, each employee must be appraised at least against these benchmarks.
- v. As we move towards making the approvals more flexible, we expect the States to follow the broad guidelines and administer the HR functions well. To ensure that it is done properly and to document the good practices, HRH team will undertake HR monitoring of a set number of States/UTs every year.
- vi. It may be noted that if any of the HRH positions approved (Annexure 4b) remain vacant from 01/07/2023 to 31/03/2024, then all such positions would be deemed to have been dropped/lapsed and a fresh assessment of positions to be supported under NHM shall be done in the next PIP cycle.

## 11. Finance

### A.

- i. As communicated earlier through letter dated 7<sup>th</sup> January 2022 the National Health mission would now be operated through a Single Nodal Agency (SNA), for which a single nodal account must be opened in a scheduled commercial bank authorized to conduct government business.
- ii. Withdrawing limits for all Implementing Agencies (IAs), must be defined, by the SNA. The bank software should be able to monitor the withdrawals of the implementing agencies, on a real time basis from single nodal agency and when the payments are made.

- iii. The central share must be transferred within 21 days to the Single nodal account. Also, the corresponding state share is to be transferred as early as possible, but not later than 40 days of release of central share.
  - iv. The interest earned on the central share must be remitted to the consolidated funds of India.
  - v. Separate budget lines must be maintained for central and state share under NHM. SNA and IAs would need to use the IT module PFMS
  - vi. SNAs and IAs are to mandatorily use the EAT (Expenditure Advance and Transfer) module of PFMS. The SNA must also be mapped with PFMS and integrated with the State treasury.
- B. Action on the following issues would be looked at while considering the release of first tranche of funds:
- i. State should not have more than 25% of the total release (central +State Share) as unspent amount
  - ii. State should have completed all the tasks related to SNA and implementing Agencies mapping.
  - iii. State should have deposited all the previous central share and corresponding State share in the SNA
  - iv. Interest earned on NRHM and NUHM for central share must be remitted to the consolidated funds of India.
- C. Action on the following issues would be looked at while considering the release of subsequent tranche of funds:
- i. State must have spent at least 75% of the total release (central +State Share).
  - ii. State should have deposited all the previous central share and corresponding State share in the SNA
  - iii. Interest earned on NRHM and NUHM for central share in previous quarters have been remitted to the consolidated funds of India.

### **Other Financial Matters**

- i. The State should convey the district approvals within 30 days of issuing of RoP by MoHFW to State or by 31<sup>st</sup> May 2022 (whichever is later).
- ii. The State must ensure due diligence in expenditure and observe, in letter and spirit, all rules, regulations, and procedures to maintain financial discipline and integrity particularly with regard to procurement; competitive bidding must be ensured, and only need-based procurement should take place as per ROP approvals.

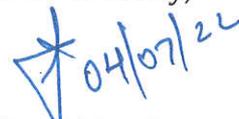

- iii. The unit cost/ rate wherever approved for all activities including procurement, printing, etc. are only indicative for purpose of estimation. However, actuals are subject to transparent and open bidding process as per the relevant and extant purchase rules and upto the limit of unit cost approved.
  - iv. Third party monitoring of civil works and certification of their completion through reputed institutions may be introduced to ensure quality. Also, Information on all ongoing works should be displayed on the NHM website.
  - v. The State to ensure regular meetings of State and District Health Missions/ Societies. The performance of SHS/DHS along with financials and audit report must be tabled in governing body meetings as well as State Health Mission and District Health Mission meetings.
  - vi. As per the Mission Steering Group (MSG) meeting decision, only up to 9% of the total Annual State Work Plan for that year could be budgeted for program management and M&E for bigger States, while the ceiling could go up to 14% for small States of NE and the UTs. The states/ UTs will have to ensure that overall expenditure under programme management and M&E do not exceed the limit of 9%/ 14% (as applicable) as mandated by MSG.
  - vii. The accounts of State/ grantee institution/ organization shall be open to inspection by the sanctioning authority and audit by the Comptroller & Auditor General of India under the provisions of CAG (DPC) Act 1971 and internal audit by Principal Accounts Officer of the Ministry of Health & Family Welfare.
  - viii. All approvals are subject to the Framework for Implementation of NHM and guidelines issued from time to time and the observations made in this document.
12. The RoP document conveys the summary of approvals accorded by NPCC based on the state PIP for FY 2022-23 and FY 2023-24.
- i. The program wise details of approvals for FY 22-23 and FY 23-23 for the PIP appraised by NPCC have been given **Annexure-5** for reference and ease of implementation.
  - ii. The committed liabilities for the FY 21-22 will become the part of RE for FY 22-23 and is placed at **Annexure 6**.
  - iii. The activities approvals under NHM for FY 22-23 and FY 23-24 is to be reflected in NHM-PMS portal. State to ensure that the valid data entries are made in the portal and it will be analysed for progress under NHM along with key deliverables.

13. **Infrastructure**
- The approval for new infrastructure is subject to the condition that the States will use energy efficient lighting and other appliances.
  - The States/UTs should submit Non-Duplication Certificate in prescribed format.
  - The States/ UTs should review quarterly performance of physical & financial progress of each project and share the progress report with MoHFW.
14. **Equipment:** The States/UTs should submit Non-Duplication Certificate in prescribed format.
15. **IT Solutions:** All IT solutions being implemented by the State must be EHR compliant. In cases where there is Central software and the State is not using it, the State/UT must provide APIs of its State software for accessing/viewing data necessary for monitoring.
16. **Mandatory Disclosures:** The State must ensure mandatory disclosures on the State NHM website of all publicly relevant information as per previous directions of CIC and letters from MoHFW.
17. **JSSK, JSY, NPY and other entitlement scheme**
- The State must provide for all the entitlement schemes mandatorily. No beneficiary should be denied any entitlement because of any limitations of approved amount for such entitled bases schemes. Wherever required, the State must suitably increase the provision in such FMR. The ceiling of 10% as per Para 8 shall not apply in such cases.
  - The State/UT to ensure that JSY and NPY payments are made through Direct Benefit Transfer (DBT) mechanism through 'Aadhaar' enabled payment system or through NEFT under Core Banking Solution.
18. **Resources Envelope and approvals:**

**Approvals over and above the Resource Envelope** is accorded with the condition that there would be no increase in Resource Envelope and the State will have to prioritize and undertake the approved activities under existing RE. Any subsequent modification (if any) in the RE after approval of RoP shall be communicated separately.

Yours sincerely,

 04/07/22

(Harsh Mangla)  
Director (NHM-I)

## Annexure 1: Budget Summary

FY 2022-23	FY 2022-23		FY 2023-24

**AB-HWC Scoring for NHM Conditionality FY 2022-23 and 2023-24**

**Method for giving Score to the State for AB-HWCs (it has two Parts):**

1. Indicator for achieving State Level AB-HWC operationalization Targets:
  - a. 10 marks for achieving State Level AB-HWC operationalization Targets
  - b. 10 marks for the states/UTs creating regular cadre of CHO position for AB-HWC
  - c. 15 marks for achieving more than State Level AB-HWC operationalization Targets
2. Indicators for AB-HWC Scoring – max 75 marks – Average scoring of all the functional AB-HWCs will be taken to arrive at the same.

S. No	Criterion	Proposed Indicator	FY 2022-23		FY 2023-24	
			Max Score for SHC-HWC	Max Score for PHC-HWC	Max Score for SHC-HWC	Max Score for PHC-HWC
1	Functional AB-HWCs satisfying advanced functionality Criteria	<b>HWC-01:</b> Functional AB-HWCs providing all 12 expanded range of services	15	10	15*	10*
2	Footfall at AB-HWCs (Receiving services for Preventive, promotive, curative, rehabilitative and palliative care)	<b>HWC-02:</b> AB-HWCs in rural areas reporting minimum 5% annual increase in footfalls over preceding year AB-HWCs in urban areas reporting minimum 15% annual increase in footfalls over preceding year.	10	10	10	10
3	Medicine & Diagnostics at AB-HWC	<b>HWC-03:</b> AB-HWC fulfilling expanded range of medicines and diagnostics as per Essential list of both (Medicines: SHC-HWC- 105; PHC-HWC-172 & diagnostics: SHC-HWC- 14; PHC-HWC- 63)	10	10	10	10

S. No	Criterion	Proposed Indicator	FY 2022-23		FY 2023-24	
			Max Score for SHC-HWC	Max Score for PHC-HWC	Max Score for SHC-HWC	Max Score for PHC-HWC
4	Functional HWCs providing wellness Services	<b>HWC-04:</b> AB-HWCs providing a minimum of 10 Wellness sessions per month	10	10	10	10
6	Quality Care	<b>HWC-06:</b> Functional AB-HWCs scoring more than 70% in Kayakalp peer assessment	5	10	5	10
7	Leveraging IT	<b>HWC-07:</b> Utilization of CPHC-NCD App for screening and tracking of all NCD patients	5	10	5	10

9	Community Engagement	<b>HWC-09:</b> Constitution of JAS and conduction of at least 10 meetings in a year.	10	5	10	5
10	Payment of PLPs and TBIs	<b>HWC-10:</b> AB-HWCs whose primary healthcare teams have received timely incentives ( <i>Performance Linked Payment and Team Based Incentives</i> ) at least 10 times a year	5	5	5	5
<b>75</b>			<b>75</b>	<b>75</b>	<b>75</b>	<b>75</b>

\*States/UTs are to operationalize additional SHC and PHC as AB-HWC as per RHS 2019

### **HWC-01: Functionality Criteria indicator**

<b>Basic Functionality Criteria</b>	<b>Provision of services all 12 expanded range of service packages</b>
1) HR availability	1) Care in pregnancy and Childbirth
2) Infrastructure Strengthening/Branding	2) Neonatal and Infant health services
3) Availability of Free Medicines	3) Childhood and Adolescent Health services including immunization
4) Availability of Free Diagnostics	4) Family Planning, Contraceptive services and other Reproductive Health Services
5) Completion of CBAC enumeration for-ALL 12 packages as per revised CBAC form	5) Management of Communicable diseases: National Health programmes (Tuberculosis, leprosy, Hepatitis, HIV- AIDS, Malaria, Kala-azar, filariasis and Other vector borne diseases)
6) Capacity Building of primary healthcare team on	6) Management of Communicable diseases and General outpatient care for acute simple illnesses and Minor ailments
a. expanded package of services	7) Prevention, Screening and Management of non-Communicable diseases
b. 'Eat Right'	8) Care for Common Ophthalmic and ENT problems
	9) Basic Oral Health Care
	10) Elderly Care and Palliative Healthcare
	11) Emergency medical services including, including for Trauma and burn.
	12) Screening and basic management of Mental health ailments

### **HWC-04: Criteria for Wellness Indicator**

1. Wellness /Yoga sessions – up to 10 session/month
2. Health calendar activity conducted (24 out of 39 activities per year)
3. As per Official Memorandum F.No. 7 (14)/2020-NHM-I, following health promotion activities to be undertaken-
  - a. Conduction of Community-based sessions in at least two Anganwadi Centers (AWCs) per month on lifestyle and dietary modification; alcohol and tobacco cessation; road safety/ occupational injury including agricultural labourers; personal hygiene, nutrition, safe drinking water, sanitation, and other public health measures.
  - b. Sessions conducted in schools in coordination with School Health and Wellness ambassadors

Ministry of Health and Family Welfare  
DO No. Z-18015/26/2020-NHM-II  
1<sup>st</sup> October, 2021

*Dear Colleagues,*

Ministry of Health & Family Welfare has undertaken a thorough revision of Quality Assurance Framework in the Country and has finalized the revised "Operational Guidelines for Improving Quality in Public Healthcare Facilities – 2021". The Guidelines have been released by Hon'ble Union Minister of Health & Family Welfare on 17<sup>th</sup> September, 2021. Services provided by Public Health Facilities need to be bench marked against National Quality Assurance Standards which are internationally accredited by International Society for Quality in Health Care (ISQua). Formal certification against these standards assures the patients that the care delivered to them is at par with the best in country.

Ensuring Quality is also one of the focus areas of the National Health Policy (NHP-2017). The Ministry is committed to support the States/UTs in achieving the Quality certification against National Quality Assurance Standards (NQAS). Proposed targets for the State/UTs are given in Annexure-I. These targets may please be kept in mind preparing the NHM PIPs for the coming years.

For achieving these targets, you are requested to include status of NQAS certified facilities in your regular review of districts and monitoring dashboard.

In addition, following actions may be thought-of for achieving tangible progress:-

- Sensitization of District Magistrates on the Quality Assurance Program.
- Identification of the technical support institutions for harnessing their capacities for achieving quality certification for the facilities.
- Allocating targets to CMOs/Civil Surgeon (equivalent) for achieving NQAS certification of health facilities.
- Surakshit Matritva Aashwasan (SUMAN) notified facilities, LaQshya certified and Kayakalp winner facilities could be taken on priority for NQAS certification.
- Identification of individual subject matter experts who could be trained and empanelled for providing hand-holding support to the facilities.
- Strengthening the State/UT NQAS certification mechanism.
- Filling all vacant positions of state & district consultants under the National Quality Assurance Program.

Room No. 156, A-Wing, Nirman Bhawan, New Delhi-110 011

**D.O.No.10(36)/2017-NHM-I**  
**17<sup>th</sup> May 2018**

*Dear colleague,*

**Subject: PIP and HR Approvals**

MoHFW with the aim of strengthening and simplifying the planning process, has brought in major changes in the PIP budget sheet in FY 2018-19. Adopting health system approach, the PIP has been categorised into 18 heads required for implementation of any programme.

As mentioned in PIP guidelines any programme/ initiative planned were to be broken and budgeted in 18 given heads, as applicable. However, appraisal of PIPs show that few states have clubbed many activities together thereby defeating the very purpose of budget revamp. As informed in the NPCC meetings, any human resource (Programme Management or Service Delivery) proposed in the clubbed activities, which has not been proposed under dedicated heads for HR will not be considered for appraisal. Even if the lump sum amount is approved unknowingly by the programme divisions, **no HR would be considered as approved.**

Further, to initiate HR integration and ensure rationalization of salaries of staff with similar qualification, workload and skills, additional budget (3% of the total HR budget) was approved by NPCC in FY 2017-18 as per state's proposal. **This budget was approved with the condition that the exact amount of individual increase should be decided by state in its EC and HR rationalization exercise and its principles including increases to be approved by SHS GB. States were directed to ensure that increases are approved in such a way that it smoothens the process of HR integration. In cases where the salary difference among similar category position with similar qualifications and experience is very high (say more than 15%), it was to be done in parts as it may take 2-3 years to rationalize it fully.** The same principle applies to the approvals of FY 2018-19. Therefore, we continue to approve additional 3% of the total HR budget in FY 2018-19 for HR integration, subject to the states asking for it.

स्वच्छ भारत-स्वस्थ भारत

Salaries of all staff have been approved in the ROP (FY 2018-19) as proposed by the state assuming that any increase/ decrease of salary has been approved by the EC and GB. In case, **any of the proposed salary has not been approved by the State EC and GB, the individuals will not be eligible to receive higher salary as approved in the ROP FY 2018-19** and only 5% of annual increase is to be provided on base salary approved in FY 2017-18. Any additional amount already paid would have to come from state budget. States must undertake HR integration process using the additional budget approved last year and this year. The details are to be submitted to MoHFW along with a signed letter from Mission Director and a copy of minutes of meeting held with EC and GB based on which decision has been taken.

Any deviation from the above would be treated as contravention of Record of Proceedings of NPCC and would apart from inviting audit objection would be flagged to Chief Secretary for disciplinary action.

*With regards,*

Yours sincerely,

(Manoj Jhalani)

Principal Secretary (Health) / Secretary (Health)/Commissioner (Health) of all States / UTs

Copy to:

Mission Director (NHM) of all States / UTs

### ***Principles for calculation of remuneration***

1. The amount available for remuneration of existing posts has been calculated considering the maximum eligible budget as per budget approved in FY 2021-22.
2. In case the budget proposed for remuneration of existing staff is within the available limit, the same has been approved as lump sum for 12 months in principle. In case, any position has been dropped by the state, the available limit excludes the budget approved for those positions in the previous FY.
3. Budget proposed for any new position has been calculated separately over and above the available limit.
4. Additional 5% of the total HR budget is recommended as increment and 3% of the total HR budget is recommended for HR rationalisation, correction of typographical errors and experience bonus (as per eligibility and principles of rationalization) with the condition that:

- 4.1. Only those who have completed minimum one year of engagement under NHM and whose contract (in case of annual contract) gets renewed will be eligible for annual increment.
- 4.2. The maximum increase in remuneration of any staff is to be within 0% to 15% (based on performance and rationalization). The total budget used in increment and for rationalization should not exceed 8% of total HR budget. HR rationalization exercise and its principles including increments to be approved by SHS GB.
- 4.3. In cases where the salary difference is more than 15%, salary rationalization may be done in parts as it may take 2-3 years to rationalize it fully.
- 4.4. In case performance appraisal of NHM staff is not carried out by the state, only 5% increase on the base salary is to be given.
- 4.5. In case any amount out of the 3% rationalization amount is used for correcting typographical error in approvals (if any), details for the same is to be shared with MoHFW/ NHSRC HRH division.
- 4.6. If any state disburses flat 8% increment to all irrespective of performance and salary disparity, or gives salary increases beyond 15% without approval of MoHFW the amount of 3% will be deducted from HR budget. Any decrease of salary resulting from this will have to be borne from the State budget.
5. EPF (Employer's contribution) has been approved @ 13.36% for staff drawing salary <= Rs.15000 per month as on 1st April 2015 and any other staff hired at Rs.15,000 or less after 1st April 2015. The State Administrative Officer looking after Salary must ensure proper calculation and disbursement as mentioned. Please refer to JS (P)'s letter dated 8 March 2016 (D.O.No.G.27034-8/2015-NHM(F)) regarding EPF and AS&MD's letter dated 2 August 2019 (D.O.No. G-27034/182/2018/NHM (F)) for ESI.
6. The budget approved as remuneration/ hiring of specialists may be utilised as per guidance provided via AS&MD's letter dated 30 June 2017 (D.O.No.Z.18015/6/2016-NHM-II (Pt. III)).
7. State will implement Minimum Performance Benchmark for all NHM staff shared by MoHFW and will link it to renewal of contract.
8. In any case (without written approval of MoHFW), NHM funds cannot be used to support staff over and above the requirement as per IPHS.
