F.No. 9(5)/2016-NRHM-I

Dated the 7th June 2018

Dear Colleague,

District Hospital strengthening is one of the key initiatives of NHM. Initiating medical, nursing and paramedical courses is one of the priorities under DH strengthening. The aim of the initiative is to improve quality and range of services at the DH and to establish them as knowledge hubs. To improve reporting on these courses and some other parameters of the district hospital, the reporting format has been updated to meet the reporting requirements of parliamentary/ PMO/ VIP references etc. The required update includes not only the type and specialty but also number of seats, name of districts etc.

You are requested to kindly send information as per the reporting format (Enclosed) on a quarterly basis by 10th of month following the quarter so that correct facts and figures can be quoted to parliament/PMO and VIP references.

The information may be mailed to Ms. Amita Chauhan at amitachauhan.mohfw@gmail.com and Dr. Aashima Bhatnagar at aashima.bhatnagar@gmail.com with a copy marked to Ms. Limatula Yaden, Director- NHM at limatulayaden@yahoo.co.in and Dr. H. Bhushan at drhbhushan@gmail.com.

with kind regards,

Yours Sincerely,

7
07/06/2018
(Dr. Manohar Agnani)

Mission Directors (NHM) (All States/UTs)

Format for information on Status of District Hospital Strengthening

Part-A

S. No	Criteria	Number & Names/ Details
