Dear All,

The Sixth National Summit on Good and Replicable Practices and Innovations in Public Health Care Systems in India is likely to be held soon for the year 2019. In this context you are requested to review the status of various health interventions, initiatives and innovative projects and good practices being carried out in your State/UT and upload appropriate ones on the National Health Care Innovations Portal (<http://www.nhinp.org>). This would help for us to shortlist the ones for presentation at the summit.

with kind regards,

Yours sincerely,
