Instructions for group work on labor room organization:

• Divide the participants in 2-3 groups based on the batch size
• Provide a blank chart-paper and copy of stickers provided to trainers for this activity
• Ask the participants to demonstrate organization of labor rooms based on their perception, on these chart-papers using the stickers of commodities provided to them
• After 10 minutes, each group will present and describe their respective labor room pictorial presentation
• The facilitator and other groups can provide feedback on these presentations to the presenting group
• Any further discussions, if required, should be carried out followed by presentations and videos on this session by the facilitator
