

A significant step towards strengthening India's public health system! The 16th Common Review Mission was inaugurated on 18th Nov 2024 by the esteemed Secretary, Health & Family Welfare GoI.

Key dignitaries, including Joint Secretary Policy NHM, Joint Secretary RCH, Joint Secretary (CD), Economic Advisor and Executive Director of NHSRC graced the occasion. Director, NHM emphasized the crucial role of the Common Review Mission in strengthening public health systems. The event delved into in-depth discussions on the Terms of Reference, led by experts from NHSRC, MoAYUSH, and MoWCD.

The 16th CRM teams, comprising healthcare professionals, policymakers, and academicians, are now poised to embark on their mission across 19 states and 38 districts.

A dedicated team of over 290 healthcare professionals, policy makers, and academic experts from diverse organizations is embarking on a nationwide mission. The valuable insights gained from CRMs inform evidence-based policy decisions, program refinements, and resource allocation. The CRM Teams will traverse 19 states and 38 districts for 1 week, with the Ministry of Health & FW, DGHS/RoHFW, and other key stakeholders. This initiative aims to strengthen India's public health system.
